## For Your Blood

You are just as strong and healthy as your blood. It is likewise true that you are as young as your arteries. Vigor and health come with good blood. Without good red blood one has a weak heart and poor nerves. It may show in nervousness or in that weak, tired feeling. If your blood is

thin and watery, face pale or pimply, if you are generally weak, tired and listless, a vegetable tonic should be taken. One that will do the housecleaning, an old-fashioned, herbal remedy that was used by everybody 50 years ago is still safe and sane because it contains no alcohol or narcotic. It is made up of Blood root, Oregon Grape root, Queen's root, Stone root, Cherry Bark, without alcohol, and made into both liquid and tablets. This blood tonic was first put out by Dr. Pierce in ready-to-use form as Dr. Pierce's Golden Medical Discovery. If druggists do not keep this in tablet form, send 50 cents for a large trial package to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y. Write for free book on blood disorders, medical consultation free. Over two million bottles of Dr. Pierce's medicines sold last year. Try it NOW. Do not delay!

### NOT ONLY IN CLOVIS

Similar Cases Occur Daily in This Vicinity.

Not only here in Clovis but in our neighboring towns, the same good story is heard. An encouraging instance from Portales is given here, and will be read by us with great interest.

Charles W. Carroll, Box 175, Portales, N. Mex., says: "My kidneys got out of order some time ago and caused me a heap of trouble. My back was so lame and weak, I could hardly bend over. My kidneys were in bad shape and caused me much annoyance. I felt tired out and had no ambition. Mornings I felt unrefreshed. A friend recommended Doan's Kidney Pills and I got some. About four boxes of this medicine cured me, fixing me up in A-1 shape."

### LACE OVER ORANGE CHIFFON

Cream lace over orange chiffon; that's really all that was needed to make this frock a thing of beauty. It is girdled with a lemon and orange chiffon scarf.

### FOR TOTS' SPRING CLOTHES

Embroidery Given Prominent Place in Decoration for Children's and Grownups' Garments.

Wool embroidery is given a prominent place in spring clothes both for children and their older contemporaries. In spite of the very long life of the fashion, women and dressmakers are as partial to it as ever.

Pongee makes a good background always for wool embroidery. And if the work takes too long, colored wool braids may be used as a substitute. There is a very easy and effective design of triangles which suits well the trimming of a child's dress or coat of pongee. The wool, if it is heavy, like Germantown, is split. And the triangles are set with the one point turned down. Each side of the triangle is composed of just one stitch.

If more than one color is liked the needle may be threaded with the split strands in the two shades. A very large needle, which will slip easily through the material without a jerk and which can be threaded easily, also makes this kind of work just half again as easy. With busy mothers this ought to stand for something.

### AIDS TO HOME DRESSMAKERS

Tucked and Flounced Organdies Among Things That May Be Made Into Summer Frocks.

A great many first aids to dressmaking are to be found in the neckwear sections of the shops. It is well worth while for the amateur dressmaker to spend some time looking about in these departments. It is surprising to see the new and lovely things that are being exploited there for spring wear.

Of course, there is the neckwear itself which one would naturally expect to find, but it is quite unusual to discover tucked and flounced organdies and nets that require only a little sewing to make them into beautiful summer frocks. Pictures of models suitable to the various flouncings accompany them to offer suggestions to the home dressmaker.

These flouncings are wide enough for skirts and have alternating rows of deep tucks and clusters of narrow ones. Some of the tucks are hemstitched. The tucking will extend about halfway up the skirt when the material is made up.

The organdies are in all the bright new shades brought out for the coming summer, as well as the pastel colorings that we had last year. Durable gray takes its place among these organdies, as it does in all other materials. A great deal is being made of gray muslins, and some of our prettiest frocks are evolved from them.

### AN INNOVATION IN LININGS

Gingham Fabric for Interior of the Summer Cape or Coat May Prove Acceptable Style.

We hear of satin capes shown at the Paris openings that were lined with a soft pile fabric like duvetyne. These must add materially to the warmth of the garment.

And have you heard of gingham linings? This is a new idea, but after all why should not gingham make as good a lining for a summer cape or coat as satin or peau de cygne or chiffon?

Who would ever have dared to use unbleached muslin for the lining of coats and capes? No one in the world but one of the smartest of Paris dressmakers. Apparently this is merely a bit of daring and not done in an effort toward economy, for the unbleached fabric is used to line the most gorgeous and luxurious of garments.

# Every Little Bit Helps

We now write fire, lightning, and tornado insurance on business houses, stocks of goods, dwellings, farm houses, automobiles, threshing machines and live stock.

If everyone stopped to figure just how cheap they could carry insurance, no one would carry their own risk against fire. Do you know that less than one-half cent per day for each \$100.00 insurance pays the bill on either city residence or farm dwelling houses and less than one cent per day for \$100.00 pays the insurance on brick buildings or stocks of goods in same? Can you afford to do without insurance at this price?

We do not expect to write all the insurance in Clovis by any means. We do hope to get some of it and **EVERY LITTLE BIT HELPS** and our motto in writing insurance will be the same we use in our loan and real estate business—**PROMPT SERVICE**.

Talk to us about your next insurance policy, farm loan or real estate deal.

School work is still going on fine. Everyone realizes how near school is out and are studying hard.

### CONTEMPT

American Legion Weekly: "State why you believe the prisoner is insane," directed the learned judge.

"He always bets heavily on two pair in a poker game."

"Is a man insane when he bets on two pair?"

"In my opinion he is."

The judge's face grew purple. "Ten dollars," he roared, "for contempt of court."
